

Corporate Director Children and Young People's Service

Welcome About the Service About the role and how to apply

### Welcome

Welcome - Thank you for your interest in this post.

North Yorkshire is England's largest county and a beautiful, vibrant place to live and work.

North Yorkshire County Council has a reputation for delivering high quality services. Its Children's Services are nationally recognised for their excellence, taking a national lead to share best practice.

The recent independent Local Government Association (LGA) peer review was one of the most positive reports they had ever written: 'North Yorkshire County Council (NYCC) is a very good council - its services are highly regarded and the peer review team witnessed areas of excellence... [it] has a clear understanding of the challenges and the opportunities that the county council and the county face.'

The LGA peer review also gave tremendous feedback to our children's services, referring to them as outstanding and providing a beacon for other authorities grappling with the challenges of delivering excellent outcomes for families and children while operating under a constrained budget.

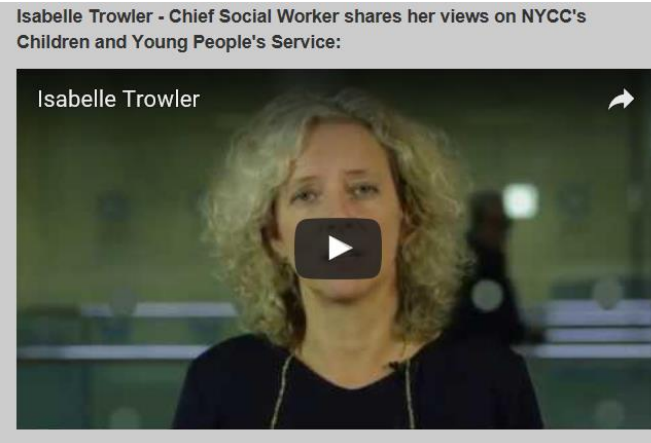

Isabelle Trowler - Chief Social Worker shares her views on NYCC's Children and Young People's Service:

### Contact us

For an informal discussion about this opportunity we encourage applicants to contact Richard Flint, Chief Executive North Yorkshire County Council on 01609 532444.
