

Please meet these keys. Now, these are no ordinary keys, these are Barkston Ash Primary School keys. They are bouncy, dangling, jingly keys. But there is one problem with these keys, they're LONELY! They need someone to look after them day in day out keeping the school secure. Can you make these keys happy? If so visit [<job link>](#) and apply for the caretaker role. We might be able to arrange for you and these keys to meet up for a chat!

Today we would like to introduce you to Mop. You may have already guessed but this is no ordinary mop – this is an NYCC mop. It is sturdy, reliable and full of cleaning power and can be found at the excellent Escrick Primary School. There is just one problem with this mop. It's LONELY! So lonely... It needs someone to work with it day in day out (well - just Monday to Friday) and help it to do a great job. Mop has a friend called Keys who needs some help too; together they make a great team, they just need a little support from you. Can you make them happy? If so

visit [<job link>](#) and apply for the Caretaker/ Cleaning Assistant role and we can arrange for you, Mop and Keys to meet up for a chat!
